The Ideal Washing Machine.
Capitalists were led to extend a manu-
facturing business in Portland, Mich., in this
way. Samples of all the washing machines in
the United States were procured and
thoroughly tested with "Terrell's Perfect
Washer." This machine was found superi-
or to any other, as it washed the clothes
cleaner, quicker and with less work. The
factory has been running full time during
the general depression. These facts
speak for themselves. The machine is sold
only through agents, and 6,000 are kept in
stock to insure prompt shipments. The
prosperity of this concern is another example
of the success of high merit.

MICHIGAN MELANGE.

NEWS OF GENERAL INTEREST TO OUR
READERS.

**Important Happenings in the State During
the Past Few Days Reported by Tele-
graph—Matter Selected for the Benefit of
Our Own People.**
Detroit, June 9.—Grand Potentate
Harrison Dingman and the Imperial
council of Mystic Shrine were escorted
to the temple by Mayor Maybury. The
temple was a gay spectacle and the
rich and varied costumes of the sev-
eral companies of Arab patrols who
formed the escort, were picturesque in
the bright June sunshine. Each tem-
ple represented by patrols was headed
by a band of music. The grand poten-
tate, officers and members of the im-
perial council rode in open carriages and
tally-hos. Prominent in the patrols
were Ismaila temple of Buffalo, Murat
of Indianapolis, Zuhrah of Minnapo-
lis, Medinah of Chicago, Zem Zem of
Erie, Pa., Mecca of New York, Alma of
Washington, and Moslem of Detroit.
The first session of the imperial coun-
cil in the auditorium of the Masonic
temple lasted from 10 o'clock to noon.
It was strictly a star chamber session.
Mayor Maybury delivered one of his
most unctuous addresses of welcome.
He gave the visiting Shriners the free-
dom of the city and authorized them to
take anything in sight that they want-
ed. Supreme Potentate Dingman then
presented Mayor Maybury with a
strand of rope, tied at both ends with
ribbon, with the suggestion that he
hang on to the rope and also to his pres-
ent office. The only business trans-
acted at the session except the an-
nouncement of committees was the ad-
journment of the session at 12 o'clock.
Steamer excursions and suppers at
the St. Clair Flats were the social pro-
grammes for the afternoon.

POPE'S LETTER CAUSES ALARM.
German Catholics of Michigan Object to
the Inference It Contains.
Detroit, June 9.—The recent encyclical
letter of the pope, which refers to
the use of English in all Roman Catholic
churches, has alarmed the German
Catholics of Michigan, and a decided
stand against the inference the letter
contains has been taken. In the session
Monday of the German Catholic Central
Veren a resolution was adopted setting
forth that the suggestions in the pope's
letter are nothing more than the pre-
liminaries of an attempt that will be
made, if allowed to proceed unnoticed,
to wipe out the Germans both as a class
and as regards their language in the
church. This they will resist to the ut-
most, and the intention is to give their
united protest the widest circulation.
It is the general opinion that the pope
has been wrongly advised in the matter,
and in support of their cause the protest
of every German Catholic society in
America will be forwarded to Rome,
with the expressed hope that Leo XIII
cannot ignore the petition of 100,000 of
his spiritual children. The convention itself
had very little to do with the resolution
other than that the members unani-
mously endorsed it, as it had been care-
fully drafted and submitted to them by
the members of the committee.

MUSICAL FESTIVAL AT ALBION.
Henry McKinley, the Tenor, Captures the
Big Audience.
Albion, Mich., June 9.—The musical
festival began Monday before a large
and enthusiastic audience. A bulletin
had been issued by the management re-
questing that all women remove their
hats and that there be no tardiness,
whispering, or rustling of fans or pro-
grammes. As a result everything went
off without a hitch. The church was
decorated with the festive colors, crim-
son and yellow, and with ferns and
palms.
Mr. McKinley, the tenor, was enthusias-
tically encored. His rendition of
Gluck's "Our Hearts in Childhood's Hour
Intertwining" and Beethoven's "Ade-
laide" called forth hearty applause. Nor
did Mr. McKinley receive the only hon-
ors. His wife, who played his accom-
paniment, was on the programme for a
solo. She played Rubenstein's
"Etude" in C major and was heartily
encored.

THE WHEELS OF HEALTH.
There is no better exercise for a young
woman in thoroughly good health than
bicycling. On the contrary, if she suffers
from weakness or disease of the distinct-
ly feminine organs, if she rides, at all,
exercise should be very sparingly indulged
in. Women are peculiarly constituted and
their general health is peculiarly dependent
upon the health of the specially feminine
organs.
It is the health of these delicate and im-
portant parts that "makes the wheels of
general health go round." Their strength
and vigor are as important to a woman as
a mainspring to a watch, or a sprocket and
chain to a bicycle. Dr. Pierce's Favorite
Prescription is the best of all medicines for
delicate women. It makes them strong
where they most need strength. Taken
during the "interesting interval," it ban-
ishes the usual squeamishness and makes
baby's admission to the world easy and al-
most painless. It fits a woman for in-door
work and out-door sports. Honest druggists
don't advise substitutes.
"I cannot say enough in praise of Dr. Pierce's
Favorite Prescription, as it has undoubtedly saved
my life," writes Mrs. Florence Hunter of Cortey,
Logan Co., Ark. "I miscarried four times; could
get no medicine to do me any good. I tried the
"Favorite Prescription" and after taking several
bottles, I made my husband a present of a
fine pig. I think it is the best medicine in
the world."
A man or woman who neglects constipa-
tion suffers from slow poisoning. Doctor
Pierce's Pleasant Pellets cure constipa-
tion. One little "Pellet" is a gentle laxa-
tive, and two a mild cathartic. All medi-
cine dealers.

MOTHER! There is no
word so full
of meaning
and about which such tender and
holy recollections cluster as that
of "MOTHER"—she who watched
over our helpless infancy and guided
our first tottering step. Yet
the life of every Expectant Mother
is beset with danger and all effort
should be made to avoid it.

ing place that the

bodings, to the hour when she

Childbirth natural and easy," as
so many have said. Don't be

come a MOTHER," says a customer.

WHAT'S SO RAW AS A JUNE DAY?

Marquette, Mich., June 9.—"Snow" fell

ing. A cold rain fell nearly all day,
preceding it.

Pingree and the Railway Tax Bill.
Lansing, Mich., June 9.—Governor
Pingree, after considerable considera-
tion, has approved the Merriman bill,
which increases the taxes upon railroad
earnings by about \$155,000 annually. The
faculty has replied to the governor's
request, respectively declining to give
an opinion upon the constitutionality
of this bill. Governor Pingree has still
ten bills to be signed or rejected be-
fore today noon. Among these are bills
authorizing building and loan associa-
tions to issue paid-up stock and for the
creation of reserve funds.

Brutal Outrage in Michigan.
Traverse City, Mich., June 9.—Trouble
of several weeks' standing between Man-
ager Ludgate, of the Traverse City
Lumber company, and the Longshore-
men's association culminated Monday. As
Ludgate went down to the dock he was
met by a large number of the longshore-
men, thrown down, brutally assaulted,
and badly hurt. The assault was caused
by the refusal of Ludgate to allow the
longshoremen to load lumber upon ves-
sels chartered to carry it and insisting
upon handling it with his men, shutting
down his mill for that purpose.

Wild Deers Walk Into Town.
Houghton, Mich., June 9.—Wild ani-
mals are more in evidence this season
than for a number of years past. Two
deers recently passed through the city
of Iron Mountain, a town of 10,000 peo-
ple, and were seen by several hundred
people as they traversed the main busi-
ness street for a couple of blocks dur-
ing their journey of investigation.

Going to Arrest White Bull.
Miles City, Mont., June 9.—There is
little change in the Indian situation.
No new developments are looked for be-
fore Wednesday evening. Sheriff Gibb
and his party are well on their way
for the reservation and will arrive there
Wednesday morning. The sheriff ex-
pects to arrest White Bull, a distin-
guished chief of one of the bands of
Cheyennes. Chief White Bull has a
large band of followers, who are will-
ing to obey his command, so if he does
not feel inclined to give himself up there
surely will be trouble.

THE WORK IN CONGRESS.

**Synopsis of the Proceedings of the Nation-
al Lawmakers.**
Washington, June 9.—The senate had
a period of speech-making yesterday
and as a result little progress was made
on the tariff bill. The advance covered
about two pages, or seven paragraphs,
and brought the senate up to the wool
schedule, the first item of which was
considered, but not completed. Mantle
spoke for two hours on the wool sched-
ule, urging increased rates for the wool
grower, and Butler of North Carolina
made a plea in behalf of the income
tax. The senator referred to the out-
set to recent supreme court decisions on
the income tax and on the anti-trust
law.

Washington, June 7.—When the sen-
ate laid aside the tariff bill Saturday
night it had reached the sugar schedule
which has been the subject of so much
interest and conflict. During the day
many of the paragraphs of the wool
schedule had been agreed to, but that
restoring lumber to the dutiable list at
\$2 per 1,000 proved the greatest
stumbling block encountered since the
debate began, and the paragraph re-
lating to white pine was allowed to go
over with several others. The para-
graphs passed over promise to take con-
siderable time before the sugar sched-
ule is actually taken up.

Washington, June 8.—The senate yester-
day disposed of the lumber para-
graph, which has been more stubbornly
contested than any feature of the bill
thus far, by defeating the motion of
Vest to place white pine on the free
list—yeas, 26; nays, 23. The contest was
mainly significant in breaking party
lines, which have been maintained with
few exceptions during the early stages
of the debate. On the final vote eight
Democratic senators voted against
Vest's proposition.

The house had a struggle over ad-
journment, the Democrats opposing, as
usual, but the Republicans carried the
vote, and adjourned to Thursday. The
only business done was to pass a

bridge bill for Mississippi.
Washington, June 9.—The important
feature of the senate session yesterday
was the adoption of a duty of 20 per
cent. ad valorem on raw cotton, the first
time in history that cotton has appeared
on a tariff schedule. Six southern Demo-
crats voted for the tax. Very little
progress was made on the bill.
TERRIFIC EXPLOSION.

**Dropping of a Match Causes a Fireworks
Factory to Go Off.**

Chicago, June 9.—A match carelessly
dropped by a workman in the fireworks
factory of M. Shure at the corner of
West Van Buren and Halstead streets,
caused a terrific explosion last evening.
It was shortly after the closing time
of the factory, and many workmen had
gone home; otherwise the loss of life
might have been very heavy. As it was
a number of employees were badly hurt,
and flying rockets and Roman candles
struck several people who were passing
on the street cars and on the side-
walks. The force of the explosion was
so great that nearly all the windows in
the block were demolished, and the
Shure building, which was a four-story
structure, was almost entirely destroyed
by fire.

The explosion caused a wild panic
in that portion of the town for a time,
and the wildest stories were current
regarding the number of killed and
wounded. It happened at a time when
the street was crowded with people on
their way home, and the street cars,
which pass the front of the building,
every minute, were densely crowded with
passengers. The flying missiles from the
factory struck a number of people on
the cars.

One man who was gazing into a
window fully 400 feet distant had his
attention suddenly attracted to other
matters by a rocket which hit him
squarely in the back. He fell on the
sidewalk unconscious, and was carried
to a hospital before he was able to give
his name. The loss to building and con-
tents was \$50,000.

Later advices show that twenty-seven
persons were injured, among those most
seriously being the following: Mrs. Mar-
garet Kenny, struck by runaway horse,
bruised and cut; Miss Minnie Theuer,
bruised and cut; M. Shure, proprietor
of the fireworks factory, badly cut by
glass; Ohm Lemper, cut on the head
by a falling beam; Phillip Sheppard,
struck in the back by a sky rocket, badly
hurt.

**Chicago Chooses a Non-Partisan Ticket—
General Result.**

St. Louis, June 8.—Specials to The Re-
publican indicate that the Republicans
have carried twelve out of the seventeen
Illinois judicial districts. All circuits
show Democratic gains.

Chicago, June 8.—The judicial elec-
tion yesterday was carried by the Re-
publicans, who elected all of their can-
didates by pluralities of about 12,000 in
the city and 4,000 in the county, out-
side the city. Although the ticket was
called "Republican" it included all four-
teen judges now on the bench of the
circuit court—eight Republicans and six
Democrats. In addition to judges of
the circuit court one judge of the su-
preme court and one justice of the su-
preme bench were voted for, but Mag-
ruder for the latter position and Bren-
tano for the former were endorsed by
both Republicans and Democrats. The
Silver party had five candidates in the
field for the circuit bench, but its candi-
dates secured but about one-fifth as
many votes as the Republicans.

Horrible Deed of a Mother.
Mount Vernon, Ind., June 9.—The story
comes here that Mrs. Jerry Holcomb,
whose husband, a farmer, lives near
West Franklin, in this (Posey) county,
became possessed of the hallucination
that she was divinely commanded to
sacrifice her little 4-year-old daughter,
and while her husband was temporarily
absent she cut off the head of the child,
using a large butcher knife for the pur-
pose. After killing the child she took
the head and exhibited it to her colored
cook, who disarmed and bound her, and
then called her husband.

National A. O. U. W. in Session.
Milwaukee, June 9.—The twenty-fifth
annual meeting of the supreme lodge,
Ancient Order of United Workmen of
the United States and Canada is in
session here. Officers of the Degree of
Honor, the woman's branch of the order,
were elected yesterday afternoon as fol-
lows: Supreme chief of honor, Mrs. M.
J. Stewart, of San Francisco; supreme
recorder, Mrs. Mary Tinker, of Jackson,
Mich.

Beware Of Mercury!

Mr. Henry Roth, of 1848 South 9th
Street, St. Louis, was given the usual
mercurial treatment for contagious
blood poisoning. He was twice pronounced
cured, but the disease returned each
time, he was seized with rheumatic
pains, and red lumps and sores cov-
ered his body.

"I was in a hor-
rible fix," he
says, "and the
more treat-
ment I received,
the worse I
seemed to get.
A New York
specialist said
he could cure
me, but his
treatment did
me no good
whatever. I was
stiff and full of
pains, my left arm
was useless so
that I was unable
to do even the
lightest work. This
was my condition
when I began to
take S. S. S., and
a few bottles con-
vinced me that I
was being benefited.
I continued the
medicine, and one
dozen bottles cured
me sound and well.
My system was
under the effects of
mercury, and I
would soon have
been a complete
wreck but for S. S. S."

S. S. S., (guaranteed purely vegetable)
is the only cure
for real blood dis-
eases. The mercurial
treatment of
the doctors al-
ways does more
harm than good.

HOW TO FIND OUT.
Fill a bottle or common glass with urine
and let it stand twenty-four hours; a sedi-
ment or settling indicates a diseased
condition of the kidneys. When urine stains
linen it is positive evidence of kidney
trouble. Too frequent desire to urinate
or pain in the back, is also convincing
proof that the kidneys and bladder are
out of order.

What To do.
There is comfort in the knowledge so
often expressed, that Dr. Kilmer's Swamp-
Root, the great kidney remedy, fulfills
every wish in relieving pain in the back,
kidneys, liver, bladder and every part
of the urinary passages. It corrects inability
to hold urine and scalding pain in passing
it, or bad effect following use of liquor,
wine or beer, and overcomes that un-
pleasant necessity of being compelled to
get up many times during the night to
urinate. The mild and the extraordinary
effect of Swamp-Root is soon realized. It
stands the highest for its wonderful cures
of the most distressing cases. If you need
a medicine you should have the best. Sold
by druggists; price fifty cents and one dol-
lar. For a sample bottle and pamphlet,
both sent free by mail, mention The Times
and send your full post-office address to
Dr. Kilmer & Co., Binghamton, N. Y. The
proprietors of this paper guarantee the
genuineness of this offer.

**Don't think because you are sick and

Can't Eat

This is the complaint of
thousands at this season.
They have no appetite; food
does not relish. They need the toning up of
the stomach and digestive organs, which
a course of Hood's Sarsaparilla will give
them. It also purifies and enriches the
blood, cures that distress after eating and
internal misery only a dyspeptic can
know, creates an appetite, overcomes that
tired feeling and builds up and sustains
the whole physical system. It so promp-
tly and efficiently relieves dyspeptic sym-
ptoms and cures nervous headaches, that it
seems to have almost "a magic touch."

Live Nobly.
[Written by Mrs. Julia A. Averill, mother of
Gen. Fred W. Averill, for the SECRET SOCIETY
REHABILITATION.]

Each day we live upon the earth
We all should thus remember:
We never can our steps retrace,
The good or evil to erase,
But we must meet it face to face,
When our accounts we render.

How careful then we each should live
If we a strict account must give
For every act that we have done,
For deeds of mercy we've not shown.
Then never let the setting sun
Show from thy hand no kind act done.
